Security camera installation karachi. Security camera installation companies. Security camera installation islamabad. Security camera installation melbourne. Security camera installation rawalpindi. Security camera installation near me. Security camera installation cost. Security camera installation in lahore.

What is the difference between a 4MP and a 6MP system? One of the front cameras will have conduit running out to the fence and the camera installed on the fence itself to ensure any activity on the pedestrian footpath is captured. A typical 4 camera system takes around 4-6 hours to install for either a single storey home / standard office. The exception to the rule is if you agree with our staff to specific alternative payment terms. 24 Months Warranty On All Parts & Labour Our lengthy warranties guarantees that our alarm systems are dependable and our installation is trusted. We've installed 2 x Hikvision 4MP motorised darkfighter cameras for the front yard which would boost his chances of capturing number plates at night. Great products - All of the products we use are ISO 9001 Certified backed with minimum 12 months manufacturers warranty. Most of our systems have a 2 year warranty with extended warranty available. You can address OH&S requirements with a video surveillance system that helps you provide a secure and safe working environment for your employees and visitors. Bosch has 24 month parts and labour warranty, CCTV systems (unbranded and Hikvision) come with a 24 month parts and labour warranty. We believe in Education - we regularly run training sessions to ensure our staff are kept up to date with new technology solutions and changes in the environment. We provide all potential clients with honest feedback and home security appraisals as to the current level of protection in place at their property, and what security system products will best assist them. Obviously, many users are inclined to select 6-megapixel cameras. Hikvision Villa IP Intercom System from \$1870 Fully installed incl GST (includes distributor and housing for door station). Credit card - a surcharge of 1.5% exists. (low resolution) How long does it take to install a CCTV system? This allows Laura to arm the alarm at night. Send us an email today and we'll get back to you within 1-4 hours during business hours. 4 x 6 megapixel Dahua Turret IP network IR turret night & day Camera with 50m IR, inbuilt microphone & SMART MOTION DETECTION 1 X 4 Channel Dahua NVR with 4 port POE switch 1 x 2TB Surveillance Hard Drive 1 x 22" LED monitor Remote viewing iOS / Android phones / tablets 24 months parts & labour Warranty on the equipment + installation *** View sample videos *** Dahua 6MP spec sheet Hikvision branded cameras. Why choose a completely digital system? His phone would have an app which would also buzz in the event that the door station is pressed. These would operate alongside 8MP cameras to capture superior quality footage during the day. What you need: the camera/s The NVR Pre-crimped CAT5/6 Cables or an installer who supplies the CAT6 cables (with RJ45 ends). For customers seeking a higher resolution product than the 6MP. You can assign times to activate the audio warning and strobe light. For the rest of his house, he implemented dome 6mp cameras to capture every angle of his home. He would now be able to control and receive notifications from his alarm from his phone. Remote access - Many units can help you oversee your business from anywhere you have remote connectivity. Eventually he discovered some of his office staff were slacking off and not picking up phone calls. (1 per camera and 1 from the NVR to the modem) A monitor or TV (with VGA or HDMI connections) Cabling requirements: Run the CAT5/6 cables to the locations you require (1 per camera). Productivity - Surveillance can discourage workplace violence, harassment and poor customer service. He would then be able to instruct the courier to leave the parcel in specified location while he isn't home. 4 x 8 megapixel Hikvision AcuSense Audible Warning & Strobe Turret night & day Camera (up to 30m I/R) 1 X 8CH Hikvision NVR, 80Mbps Input, 8 Independent PoE Ports, 2 SATA Interfaces 1 x 3TB WD AV hard disk drive 1 x 22" LED monitor Remote viewing iPhone, internet, Android phone Custom configuration of siren, strobe and audio warning. You will not be forced to proceed with the install if you are not happy with the price. - cameras with a minimum of at least 5MP in resolution - comes with 2 year manufacturer warranty - are fitted and cabled neatly and cleanly - respect for your property with careful consideration to avoid damages - you get what we promise - and the best after-sales service should you have any questions about your installed system HAVE A READ THROUGH OUR REAL CUSTOMER INSTALLATION CASE STUDIES Case 1: Full Security Overhaul CASE STUDY - STRAIGHT FORWARD ALARM PACKAGE SOLUTION & CUSTOM CCTV SYSTEM QUOTE PIETRO - DOUBLE BAY NSW - Full Security Overhaul Double brick house Had an old analog CCTV system and old alarm system He was doing renovations and wanted an overhaul of his alarm / cctv and intercom system. They are more complicated to set up, but can utilise IP addresses to pull in data from other camera sources (don't have to be local) How do I use my Hikvision CCTV system? Reliability - New technology mean no more broken or worn-out tapes, and no more costly maintenance. Guarantee #2 Provide courteous and professional service from our trained and qualified personnel at all times. Provide an honest, efficient service Guarantee #3 All our alarm systems come with 24 month parts & Labour Warranty. 8 x 6 megapixel Dahua Turret IP network IR turret night & day Camera with 50m IR, inbuilt microphone & SMART MOTION DETECTION 1 X 8 Channel Dahua NVR with 8 port POE switch 1 x 3TB WD Surveillance hard disk drive 1 x 22" LED monitor Remote viewing iPhone, internet, Android phone Additional 250 for double storey homes (as they are more difficult to wire) *** View sample videos *** Dahua 6MP spec sheet Hikvision branded cameras (World's largest CCTV manufacturer). MARY NSW - Courier Missed Regularly Frequently misses the courier even though he works from home Does not have an existing intercom system in place Home office situated in a granny flat, a fair distance from his main house where the courier delivers the goods Also in regular attendance with customers in his granny flat, so cannot greet courier quick enough at his main house Solution: CCTV Pack 1 - 4 x 5MP Uniview Dome Cameras Due to the high value of his parcels, he decided to implement a CCTV system to have recordings of the courier placing the parcels in the designated locations and would have footage in case something went amiss. And that's why our clients love dealing with us. Which of your cameras have night vision? Like an analog system, video is recorded on hard drives, but since the video is an IP stream straight from the camera, there is more flexibility as to how and where that video is recorded. Includes flashing red and blue light strobe plus audio warning speaker. The alarm will trigger if one of the doors or windows are opened. Custom quote available. Please contact our team for a competitive quote. Cash, bank deposit, credit card are all OK. 4 x 8 megapixel DAHUA TIOC night & day Camera with SPEAKER & Blue & Red STROBE with Supplemental light (activates on low light) 1 X 8CH Dahua Pro NVR 8 Independent PoE Ports, 2 SATA Interfaces 1 x 3TB WD AV hard disk drive 1 x 22" LED monitor Remote viewing iPhone, internet, Android phone Additional 250 for double storey homes (as they are more difficult to wire) Click for more info on Dahua TIOC in action Note - all pricing on website may be subject to an on site inspection. They run back to an NVR. Alarm Pack 4 from \$1150 fully installed incl. These newer technologies allow digital signals to be communicated over COAX cables and thus you are able to use old cables to transmit the data. 4 x 5MP Uniview Dome Camera System - \$2300 fully installed incl GST / Conduit - approx extra \$200 per camera as required Solution: Perimeter Alarm Package - Bosch 6000 system using wired glass breaking sensors and wired reed switches We've recommended a perimeter alarm system consisting of reed switches on the doors and windows. 4 x 6MP Hikvision Dome Camera System - \$2990 fully installed incl GST / Hard Drive upgrade \$300 & Double Storey Fee \$250 Case 4: Courier Missed Regularly CASE STUDY - STRAIGHT FORWARD CCTV PACKAGE & IP INTERCOM SYSTEM JOE - ST. Our home security experts are always timely, professional and easy to deal with. We believe in customer service - from the moment we pick up the phone to the minute you have a question once your alarm is installed. Optional extra costs include double storey fee, additional monitors or additional door stations. GST (for 3 PIR sensors. Most customers schedule the warnings to detect intruders lurking during the night only. We've set the recording at 24/7 to ensure nothing is missed. 24 Months Parts & Labour Warranty. However, by increasing the image resolution, the required network bandwidth and storage may increase. Preferred and bought by majority of residential customers that require multiple surveillance angles. Profitability - With digital video surveillance, you can have greater control over loss from workplace theft of accidents. Video footage can then be stored on hard drives as directed by the NVR software. Cameras on a modern analog CCTV system send their video in the traditional base band format over coax or UTP cabling back to a digital video recorder (DVR). Here, video is digitized and stored on hard drives. For customers seeking a higher resolution product than the 5MP. Analog in general is lower quality up to 800TVL only (quite pixelated) What is HDCVI / HDTV? This is expected to be payable on completion of the job. Guarantee #1 A licensed and experienced technician will be the one installing / servicing your system. This is both a parts and labour warranty. The DVR is replaced with an NVR (network video recorder), which in some cases is just software since it doesn't need to convert analog to digital. PHOTOS OF SOME RECENT INSTALLS FOR RESIDENTIAL HOMES Case 2: Plants Destroyed & Statues Stolen CASE STUDY - STRAIGHT FORWARD CCTV PACKAGE & PERIMETER ALARM SYSTEM LAURA - TURRAMURRA NSW - Plants Destroyed & Statues Stolen Having issues with front & side yard's plants being destroyed and cut on a frequent basis Issues with stolen pot plants and statues from the front of her house Feels unsafe and wants to be alerted if anyone tries to open her doors or windows whilst the family is asleep Solution: CCTV Pack 1 - 4 x 5MP Uniview Dome Cameras We've recommended a 4 camera system to cover the front and the side. 4 x 6MP Hikvision Dome Camera System - \$2990 fully installed incl GST / Plus 2 x additional cameras & upgrade to 8 channel NVR \$1200 Why do businesses install CCTV? Above - 3MP Resolution Above - 4K Resolution Sample of night vision for 700TVL system. Preferred and bought by majority of residential customers. Environmental, Health & Safety (EH&S). These are commonly used to upgrade old systems to up to 5MP or even 4K clarity. Over this time, they have selected to work with products that we are because of their general quality and the reliability. The camera system we've recommended will have very low light colour image (thus optimal at night). IP or Digital video cameras broadcast their video as a digital stream over an IP network. Our CCTV systems have a warranty of 24 months. 4 x 6 megapixel Hikvision IP network IR dome or turret night & day Camera (up to 30m I/R) Spec of Hikvision NVR, 40Mbps Input, 4 Independent PoE Ports, 1 SATA Interfaces 1 x 3TB WD AV hard disk drive 1 x 22" LED monitor Remote viewing iPhone, internet, Android phone Additional 250 for double storey homes (as they are more difficult to wire) View sample video of 6MP in action 3 x more clearer than Full HD. The cameras send the information on the data it captures to the DVR or NVR. How do I pay for my CCTV System? If you have booked in an install and are not sure about this, the technician will advise you on the day. 4MP is less clearer than a 6MP system. Solution: Alarm Pack 4 - Bosch 6000 (protects up to 144 different zones using PIR sensors / reed switches We've recommended a new Bosch 6000 system for him (due to the large number of zones) and utilised wireless reed switches as cabling for his windows would be a significant job. The video record then: transmits the information to the screen records the information on the hard disc connects to a router which broadcasts it across the web This broadcasting is what allows you to access your feed from any computer, iphone or android device. 4 x 5MP Uniview Dome Camera System - \$2300 fully installed incl GST Solution: Hikvision IP Intercom - offers video and audio communication with visitors, mobile app alerts when doorbell is pressed, access control option to allow couriers through We recommended an IP intercom system for Joe. An IP intercom system would allow Joe to communicate with the courier even if he isn't around the intercom monitor. It will take more time if your building is large or you need more cameras. All of our cameras have infra red - or the ability to see at night. They are usually more cost effective than upgrading to a completely IP based system. The main difference between the two from a user standpoint is the resolution. It may also help lower liability and insurance costs, especially when being sued. Surveillance, Siren & Audio Warning to Detect & Scare Intruders. I.e. 2 at the front and 2 along the side. Get A Quick Easy Quote Now Unsure what you need? cost is generally lower. If your home doesn't have eaves, doesn't have a roof cavity, has an extension which doesn't share the same roof space or you require the camera away from your main roof space, then these will likely change the costs of the installation of the system. At night the cameras adjust to the light by turning into black and white mode. We will likely be recommending to you a solution that fits your budget and needs - not one that increases our bottom line. Most modern DVRs can allow the streaming to be accessed remotely from the LAN, or with the proper configuration, from across the internet. The data for these cameras are transmitted over CAT5/CAT6 cables instead. The camera system we've recommended will have very low light colour image and have inbuilt microphones to capture audio recordings. The cctv was set up with remote viewing so Harry could log in from anywhere to check on his staff. This means things may not be as clear, especially if the object is far away. Customers' satisfaction are important to us. What warranties do you have on your CCTV products? Solution driven - We stock a wide range of high quality Alarm and CCTV system products and solutions. All installations come with a workmanship guarantee and great post-sales support. The cables should come back to the location where your NVR is located Connect & install the cameras to one end of the cable and connect the other end to the NVR Plug in the monitor via a VGA or HDMI cable to the NVR Connect an ethernet cable from the NVR to the modem (if you wish to do remote viewing). We installed 6 cameras in total - 1 outside (for security) and the rest inside (including 2 in the office). Strong Customer Service - We are a customer centric company. Case 5: Staff Issues & Declining Sales CASE STUDY - INDOOR CCTV SURVEILLANCE INSTALLATION HARRY - PENHURST NSW - Slacking Staff & Decline In Sales Over 20 years in Electrical business, employing 7 staff Wants to spend more time with family, but have not had the solution to monitor staff Seen a decline in sales and loss of profits to be able to work remotely Solution: CCTV Pack 2 - 6 x 6MP Hikvision Dome Cameras He's decided to install a comprehensive CCTV system covering his workshop & office area. The 4-megapixel image has twice the detail of the 1080p image (1080P is commonly known as full HD), meanwhile the cost of 6-megapixel IP cameras is 50% higher than 4MP IP cameras. Very Clear IP Network Cameras. We've also increased the size of the hard drive to ensure footage is captured for 1 month minimum. These prices presented are for single storey homes with roof access and within the Sydney Metro only. Advantages of CCTV Systems for Business Accessibility - Live feeds can give you the ability to quickly and easily view access points in multiple areas of your facility. Perimeter Alarm Package - \$1990 Fully installed incl GST Case 3: Troublesome Neighbour CASE STUDY - STRAIGHT FORWARD CCTV PACKAGE INSTALLATION JAMES - AMBARVALE NSW - Aggressive & Troublesome Neighbour Neighbour constantly throws objects over client's fence and yell profanities Most rubbish tossing or object throwing occurs at night Need CCTV surveillance and recordings to provide the Police with evidence of the offenses that cannot be seen during the day Solution: CCTV Pack 2 - 4 x 6MP Hikvision Dome Cameras We've recommended a 4 camera system to cover the front and the side with the offending neighbour. How does a CCTV surveillance system work? Our installation team have been in the industry for years. He put signs up to ensure his staff knew CCTV were installed. Additional 250 for double storey homes (as they are more difficult to wire) Click for more info on AcuSense in action Dahua TIOC 2.0 technology presents Full Colour Night Vision when people or vehicles are detected. What are the cabling requirements for CCTV systems? What's the difference between an Analog / Digital CCTV system? Furthermore, it can also help gather evidence when investigating OH&S injury claims. Hard Drives have 1 year warranty. Add \$110 for each additional PIR sensor and \$176 for each wireless reed switch on windows and doors) Solution: Custom CCTV Solution - 2 x Hikvision 4MP motorised darkfighters + 2 x Hikvision 8MP dome cameras + 2 x Hikvision 6MP dome cameras Pietro wanted the perimeter of his house covered with special importance to the front of the property. 8 x 8 megapixel Hikvision IP network IR dome or turret night & day Camera (up to 30m I/R) DS-2C2D385C1-1 Datasheet 1 X 16CH Hikvision NVR, 160Mbps Input, 16 Independent PoE Ports, 2 SATA Interfaces 1 x 3TB WD AV hard disk drive 1 x 22" LED monitor Remote viewing iPhone, internet, Android phone Additional 250 for double storey homes (as they are more difficult to wire) View sample video of 8MP in action Hikvision AcuSense Technology.
